The Kiuchi Brewery was established in 1823 by Kiuchi Gihei, the headman of Konosu village. His family was collecting rice from farmers as land taxes for the Mito Tokugawa family. He began his brewery with the idea of using the remaining rice stocks in the warehouse to produce sake. In 1996, the company started brewing beer with a capacity of 1,500 barrels per year.

Hitachino Nest White Ale is a refreshing mildly hopped Japanese White ale brewed with coriander, nutmeg, orange peel and fresh orange juice. Its citrusy, sweet-fruity-tart {natural acidity of the fresh orange juice} flavor profile makes it a unique Japanese interpretation of the Belgian Witbeer style.
