

## Halcyon Green Hop > Thornbridge Hall > Derbyshire, England

---

Its uniqueness is in the process of dry hopping in maturation tank with green Target cones delivered fresh straight from a Herefordshire farm (this year's is Mr Capper's). As a malt we use solely Maris Otter in this beer.

**Aroma:** reflects the hop variety and is full of pineapple, fruit, pine resin, peel.

**Flavor:** it's hoppy, slightly astringent, good malt backbone and lingering pithy bitterness.

### ■ Beer Collection

**Style:** IPA

**Alc./Vol.:** 7.7%
